

EPICURE

SELECT FOODS LTD

Suppliers of Chilled and Frozen Foods
to the Catering Trade

Welcome to Epicure Select Foods New Customer Catalogue

Established in 1999, Epicure Select Foods Limited has evolved to become one of Northern Ireland's most vibrant and customer focused foodservice distributors.

Our Service

We offer a next day delivery service throughout the greater Belfast area.

For outlying areas Day 1 order for Day 3 delivery is guaranteed.

In certain cases same day service is achievable, and indeed there is an emergency back up number for Saturday and Sunday deliveries - 07808 395812.

Quality Assurance

Epicure Select Foods Limited operate rigorous HACCP systems agreed with all suppliers. Our fully trained delivery personnel monitor product temperature from arrival at our warehouse right to the point of delivery. We also hold STS Approval — a stringent UK based Quality Standard.

Provenance

At Epicure Select Foods we are committed to sourcing and supplying as much locally produced food products, whilst still providing variety and value for money.

An increasing number of our products are sourced from both Northern Ireland and the Republic of Ireland.

We offer full traceability on our locally sourced meat products, providing peace of mind and the very best in eating quality.

Credit Facilities

All new customers are expected to pay on delivery until such times as a properly completed credit application form has been returned and approved by our office. In the event that a customer has been approved for credit our normal terms are 'payment by 20th of month following invoice'.

Pricing

Please note that all Catalogue prices are correct at time of press and are subject to change. Whilst every effort will be made to hold the prices quoted herein for as long as possible, we cannot always control price changes due to market fluctuations. Please also ask your Sales Advisor about Special Pricing discounts.

Welcome from Dan Carlin, Managing Director

Dan Carlin with a glamour model - Dan is the one on the left!!

Welcome to the Epicure Autumn Catalogue 2011 - our most comprehensive and ambitious catalogue to date. The intention is that this will be our only main publication until Autumn 2012. In the meantime new ranges will be featured as inserts. In the last 18 months most of our growth has come from our fresh and raw products.

A Lifetime Serving Caterers

It's hard to believe that I will have been running Epicure for 4 years come February 2012. Over the past 25 years I have spent my working life serving the catering or grocery industry in all facets. In my earlier career with our well known family firm Castlewood Pork and Bacon specialists right through until the present day I have wide experience. Whether it's a Chip Van in a lay-by to the Finest Restaurants in the region, I still get a buzz when the customer comes looking for a particular product or a solution to a problem. The lasting relationships and sense of trust that develop make it all worthwhile. Quite often we will advise that a product does not suit their business, rather than go for a quick sale. It's an over used term but our customers really are our partners.

Recent Improvements

Since Feb 2008 Epicure has branched into Chilled Products including Bacon, Pork and Cheeses. Since April 2009 Epicure has been providing Ambient Products including Eggs, Bakery Sundries and Sauces.

We listened to our customers. Many of you are Good Cooks in your own right and your business prides itself on Home Cooked Food. So, as well as our pre-cooked ranges (see Page 4 , 16 & 19) we are increasingly stocking **Enabling Products** which **enable** you to put your own stamp on a simple dish like a Pavlova base or a ' blank canvas ' like our Green & Lean Farm Assured Beef.

The team of people has been constantly improved. Dependable van drivers are trained to be customer focused. The Girl Friday of Epicure Joanna is backed up by Laura and Nikki .

Award winning team at Epicure

Green & Lean Beef

The next big growth area for Epicure. Carefully developed in partnership with several well known local families of Beef Finishers. Green & Lean Beef will be:

1. Wherever possible reared and processed in Northern Ireland.
2. Properly aged at time of delivery – you can use straight away.
3. Guaranteed from Heifers or Steers of less than 30 months age.
4. Cut to the weight range you need.
5. Remember – quality will be remembered when price is long forgotten!

Epicure – we invented good service

- We do not operate a Cut Off Point – you can order up to midnight and get your goods next day
- We have no minimum order policy
- We will split cases where it suits the customer

The Epicure Team.. Ready to Serve....

Please remember if the product you want is not in this catalogue tell us and we will try to source it for you.

May I take your order?

Truly traditional yet deliciously different, Paganini's best selling Italian-style ice-cream and select desserts get their full cream flavour from the fresh milk of free-range Friesians grazing the pasturelands at the heart of idyllic Duncormick in south Wexford.

Paganini uses the highest quality dairy ingredients including fresh Irish cream, fresh whole milk and fresh cream cheese in their ice cream and cheesecakes. Their gateaux and pastries are made with fresh whole eggs from Wexford. And their traditional range of apple pies and crumbles are made with Bramley apples from Co. Armagh.
